

U.S. National Gymnast Valerie Kharina Heats Up the Floor at ThermoSoft's KBIS Booth #L10321

BUFFALO GROVE, Ill.-- Apr. 3, 2008—Thermosoft International Corporation's KBIS booth #L10321 will feature U.S. National Gymnast Valerie Kharina performing her winning gymnastic moves on ThermoSoft's market leading electric warm floors. Valerie is a four-time member of the U.S. Rhythmic Gymnastics National Team and represented the U.S. on 4 continents while placing 4th All-Around Team; 7th in the Olympic Trials All-Around and 4th in Ball Finals. Stop by ThermoSoft's booth #L10321 to see Valerie in action and check out ThermoSoft's latest electric radiant floor heating products.

ThermoTile™ Radiant Flooring for Tile Floors

Energy-saving **ThermoTile** is made with construction grade, zero EMF, 1/8" thin heating cable, factory-mounted on fiberglass mesh, anti-fracture membrane for fast and easy installation.

Standard sized mats fit easily on-site to any floor. Single-point connection to standard household 120V and 240V. Energy-saving programmable thermostats complete the system.

Thermosoft International Corporation, headquartered in Buffalo Grove, Illinois, incorporated in 1996, is a leading USA manufacturer of UL listed electric radiant floor heating systems. ThermoSoft offers same day shipping, lifetime warranty, lifetime technical support and free installation floor plans.
